SUMMARY

A highly motivated and enthusiastic B.Tech 2nd-year student pursuing a degree in B.Tech in Computer Science and Engineering. Eager to apply strong foundational knowledge of programming to contribute to innovative projects and gain practical experience in the technology sector.

PROJECT EXPERIENCE

Exploratory Data Analysis of Netflix's Movie & TV Show Dataset

- Performed EDA on Netflix Movies & TV Shows dataset (8,800+ titles, 12 features) using Python (Pandas, NumPy, Seaborn).
- Analyzed content mix (~70% movies), country distribution (US, India, UK), release trends (post-2010 surge), and dominant ratings/genres with clear visualizations.

GitHub : <https://github.com/Rudra-clrscr/Netflix>

ASTRA Travel Together

- Architected and developed the backend using Flask, SQLAlchemy, REST APIs, session management, and normalized schemas to power user, group, chat, and safety workflows.
- Implemented AI-driven safety intelligence with Isolation Forest anomaly detection, GPS-based geo-fencing, dynamic safety scoring, panic alerts, and SMS/OTP flows via Twilio for real-time protection.

IPL Cricket Data Analysis (EDA Project)

- Performed exploratory data analysis on IPL match and ball-by-ball datasets using Python (Pandas, NumPy, Matplotlib/Seaborn) to study team, player, and venue performance trends.
- Derived insights on win margins, toss impact, venue advantage, and season-wise patterns, documenting results in reproducible notebooks on GitHub.

EDUCATION

SRMS CET — Bareilly , Uttar Pradesh

- Bachelor of Technology (B.Tech) in Computer Science and Engineering
- Expected Graduation: 2028
- Current CGPA: 7.8/10

Child Care Bishop Conrad Senior Secondary School – Bareilly , Uttar Pradesh

- Higher Secondary School (class 12th) – 2024 , Percentage : 72.4
 - Secondary School(class 10th) – 2022 , Percentage : 83.2
-

SKILLS

- Python
- Seaborn
- Numpy
- DSA (Java)
- Pandas
- Flask

CERTIFICATIONS

- Foundation Level in Programming and Data Science — IIT Madras
- Python for Data Science — NPTEL
- Business Analytics & Text Mining Modeling using Python - IIT Roorkee (NPTEL)
